DID YOU KNOW?
Since the BGAV began the More Than Nets initiative in 2013...

- 82,000 nets distributed to 345 villages, leading to a 43% decline in malaria cases and over 200,000 lives saved
- 448 new congregations planted in Yendi, Ghana, and 20,000 people coming to know Christ

To date, we have distributed 82,000 nets toward our goal of 100,000—a goal we are striving to meet by the end of 2018. This is where you come in!

- Support a church planter for $35 per month
- Purchase a chemically treated mosquito net for $10 (includes net, education, transportation, and support for church planting)
- Travel to Ghana and experience this life-giving mission with our Ghanaian partners

To learn more or donate a mosquito net, visit BGAV.org/MoreThanNets.
