

DID YOU KNOW?

Since the BGAV began the More Than Nets initiative in 2013...

86,000 nets
distributed to
over 400 villages,
leading to a
43% decline
in malaria cases and
over 200,000
lives saved

over **450**
new congregations
planted in Yendi, Ghana, and
25,000
people coming to know Christ

To date, we have distributed 86,000 nets toward our goal of 100,000—a goal we are striving to meet by the end of 2019.

This is where you come in!

- Support a church planter for \$35 per month
- Purchase a chemically treated mosquito net for \$10 (includes net, education, transportation, and support for church planting)
- Travel to Ghana and experience this life-giving mission with our Ghanaian partners

To learn more or donate a mosquito net, visit BGAV.org/MoreThanNets.
